EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffri A. Kaminski on 10/25/2004.

1. The application has been amended as follows:

IN THE CLAIMS

(a) Claim 1, line 7, after '...contains information' deleted "concerning said dropout of the voice packets and information concerning said insertion of the substitute packets"

(b) Claim 1, line 7, after '...contains information' added -- **that includes the number of dropped-out voice packets detected in a monitoring period, the number of substitute voice packets inserted in said monitoring period, and the number of voice packets accumulated in said adjustment circuit --,**

(c) **Cancelled claim 2.**

Reasons for Allowance

2. Claims 1, 3-20 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The present invention relates to voice packet communication system and evaluating and measuring the voice quality in real time. The unique features include an "adjustment circuit adjusting the periods of received voice packets; a judgment circuit judging the communication quality of voice packets that includes: the number of dropped-out voice packets detected in a monitoring period, inserting substitute packets and the number of voice packets accumulated in the adjustment circuit". The closest prior art of record, Kondo et al. (US 5,130,985), discloses a method of controlling of speech packets received in accordance with priority indicator, fails to anticipate the above underlined limitations as claimed herein (claims 1, 6 and 12).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Afsar M Qureshi whose telephone number is (571) 272 3178. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chi Pham can be reached on (571) 272 3179.
